Dear Brother [Last Name]:

“Just remember, it’s about the house!” – these words, said to us by brother **George Morestatt '68** when we began our important campaign, instilled a significant message.

The Zeta Sigma chapter house was the launch pad for so many of us as we transitioned from young, 18-year-old students to the men we are today. If you’re like me, you drew upon your PIKE experience early and often when you left Florida Tech to begin your life’s journey.

The *Love of Fraternity Leads* campaign is about preserving the impact of the Zeta Sigma experience for generations to come.

I feel fortunate that in America we are a society of generous people who give back to those institutions that provide value to our lives. We replenish the experiences we had so they may enrich the next generation.

We will do this for Zeta Sigma knowing it will be our shared historic moment to do what matters to all of us, enriching the next generation of Pikes.

As I write you, \$509,108 has been pledged by 61 generous PIKE brothers (listed on the donor list included with this letter). Because of these men, momentum is propelling us toward ultimate success.

We’ve made great progress, but there is more to be done before we can call this transformational event a success.

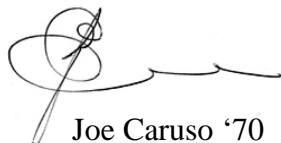

Members of The ASK Team, listed on the left-hand side of this letter, are still working to personally connect with every brother to provide each an opportunity to participate in this campaign. **When you are called, please consider the maximum you can contribute over the five-year pledge period.**

We are building this dream PIKE House to last the next 100 years and beyond. You may never have another chance like this to make your impact. If you are not contacted soon enough (or you're ready to commit right now), please call me directly at (609)922-4300 anytime.

With your help, we will complete the dream and hit our \$1.25 million goal by the end of this year. This will enable the Zeta Sigma House Corporation to make final plans to build our new home in 2015.

Thank you for paying forward an experience that gave us all so much.

Phi Phi KA,
